**Subject:** Night Ops 5/29-30/10  
**Date:** 05/30/2010 06:20 AM

---

Chris,

Chalmette:

- Air monitoring and sampling night crews worked from 1800 5/29/10 through 0600 5/30/10 without incident.
- Crews reported 0 exceedances of the site specific action levels established for air quality.
- All sampling information was published during the night, with plans to publish monitoring data at noon on 5/30/10
- All crews reported safe working conditions. The crew struck a wild pig near station C05, causing damage to the rental vehicle. A NOI form will be completed and safety issue discussed with field crews.
- No odor or visual detection of oil.
- No monitoring instrumentation issues to report.
- All sampling equipment operating properly

Venice:

- No problems with air stations V02, V03, or V05
- Crews reported 0 exceedances of the site specific action levels established for air quality.
- Air monitoring and sampling night crews worked from 1800 5/29/10 through 0600 5/30/10 without incident.
- No monitoring instrumentation issues to report.
- All sampling equipment operating properly
- No health and safety issues to report.
- No olfactory or visual observations to report

David
